

Dear Drumline Conductors,

To give you some more information, please see the below map of the performance area and a **panoramic** shot of the space (please adjust for the photo's obvious curve).

The performance space is approximately 22m x 12m on our lower terrace. There is space for seated (blue) and standing (red) audience members who will have a great view down onto the performances. The adjudicators will be located on the northern side of the performance area.

As always, we want your student to have the best educational experience, so if you have any questions, just get in touch.

PROUDLY HOSTED BY VILLANOVA COLLEGE
