

QCMF 2021 – Adjudicators’ Representative Repertoire *Compiled List*

As part of enhancing educational outcomes for students who participated in the festival this year and for those who may perform at QCMF in the future, our adjudicators were asked to recommend works they believed were of **educational value**. This list is not intended as a syllabus but as a means of enriching repertoire selection for teachers.

These pieces may not be master works nor the most effectively performed in the section but were in the adjudicators’ professional opinion, **exemplars of the repertory** at the level of works based on the section criteria.

Note: some adjudicators felt that **no works** in the section met the above criteria and hence made no recommendations.
